

CCTV INTEGRATION

Affordable surveillance solutions by WG Security Products Inc.

WG Security Products Inc. is not only the world pioneer in development of the most advanced EAS technologies in the industry, we are also leaders in Closed Circuit Television integration for businesses of all varieties. Our multi-camera and DVR systems aid all businesses, small and large, in maintaining a secure environment and protecting your valuable assets.

INDOOR CAMERA

*\$215 price
\$200 install**

Includes camera & lens

OUTDOOR CAMERA

*\$355 price
\$300 install**

Includes outdoor housing, lens, & camera.

8 CAMERA SYSTEM

For less than \$4000 in equipment and installation fees*, your business could be set up with an 8-camera surveillance system, complete with an 8 channel Digital Video Recorder, a 17 inch monitor, 7 indoor cameras to monitor cash registers, stock rooms, blind spots and other areas of concern and one outdoor camera. All equipment provided by Clinton Electronics, one of the leaders in video technology. This setup provides the best coverage for storage facilities, parking garages, etc. With or without a protective dome for greater concealment.

4 CAMERA SYSTEM

For those business with smaller buildings, the same high-end Clinton Electronic equipment can be used to set up a 4 camera system, with 3 indoor cameras and one outdoor camera for less than \$3000 in equipment and installation fees*. Perfect for the local gas station, convenience store and strip mall business front. With or without a protective dome for greater concealment.

* Installation prices can vary in terms of state tax, permit requirements, night work, ceiling conduits and other factors.
