

The start of something new

3 Alarm Pebble Tag

3 Alarm Pebble Tag

The **3 Alarm Pebble Tag** is a compact, high-security retail protection solution designed specifically for garments and apparel. With its small, lightweight “pebble” design and three independent alarm triggers, the tag provides strong theft deterrence while maintaining a clean and unobtrusive presentation on merchandise.

Key Features

- **Triple Alarm Protection** – Activates an alarm when passing through EAS detection systems, when tampering is detected, or when forced removal is attempted.
- **Integrated Audible Alarm** – A built-in high-decibel alarm sounds immediately if the tag is tampered with or removed without authorization.
- **EAS System Compatibility** – Works seamlessly with standard RF or AM Electronic Article Surveillance systems at store exits.
- **Garment-Friendly Pin Design** – Attaches securely to apparel while maintaining a low-profile appearance on the sales floor.
- **Compact Reusable Construction** – Durable housing and long battery life support repeated retail use.

Applications

Ideal for protecting **garments and apparel** such as jackets, denim, dresses, and premium fashion items where discreet, product-level security is required.
