# One Piece Tag

## One Piece Tag Fits Varying Garment Thicknesses.

The Eco One Piece Tag provides intelligent, comprehensive protection for your products. Designed to accommodate varying garment thicknesses—from lightweight coats to sweaters and other apparel—the tag ensures secure coverage without compromising fit or comfort.

- Adjustable fit: compatible with different fabric thicknesses to cover coats, sweaters, and other garments.
- Theft response: automatic alarms and immediate cloud updates that include barcode information to identify the tampered product and its precise location.
- Local integration: alerts seamlessly connect with your video surveillance systems for corroborating evidence.
- Cloud configurability: alerts can be tailored to your needs via emails or other notification channels.
- Timely notifications: instant theft alerts and up-to-date inventory reports help you stay one step ahead.
