

## WiFi Ad Guard

### Dual Function System

#### Effective Theft Protection Plus Advertising Space

Ad Guard is a powerful retail security system that includes advertising space on both sides of each pedestal.

Leading edge technology provides unsurpassed reliability in theft protection. At only 13" wide, this slender antenna fits nicely in any décor.

Advanced signal processing technology provides detection of up to 8 feet between two antennas

The system software can be optimized to your selection of ferrite hard tags or labels.

Jammer detection and **remote access** for quick support response are standard on all WiFi systems.
