

Grab N Run

Shoplifting is evolving — and so should your security. Introducing **WG Grab N Run**, now available in a **New Alarming Version**. This innovative system combines cutting-edge technology with rugged design to powerfully protect your merchandise from both opportunistic thieves and organized retail crime (ORC).

Why Choose WG Grab N Run?

- **Instant Theft Alert (New Alarming Version):** Get immediate staff alerts to theft attempts, enabling rapid response and maximum deterrence.
- **Smart Multi-Layered Defense:** Works seamlessly with our patented 4-Alarm Tags for comprehensive, advanced protection.
- **Robust & Versatile Design:** Crafted from durable aluminum with heavy-duty steel brackets, it mounts firmly to clothing racks, tables, or walls (accessory kit available). High-quality steel cable modules ensure smooth, reliable operation every time.
- **Flexible & Customizable:** Available in both alarming and non-alarming versions. Cable reels can be purchased separately to perfectly fit any store layout.
- **Comprehensive Threat Protection:** Designed to deter, delay, and prevent theft before it happens, effectively combating everything from quick grabs at the entrance to premeditated ORC attempts.

Invest in Peace of Mind

Modern retail demands modern solutions. With WG Grab N Run's New Alarming Version, you gain durable, intelligent protection that keeps your merchandise safe and your business thriving.
